10. [redacted] Called Richard Fryklund, Principal Deputy Assistant Secretary of Defense (Legislative Affairs), to alert him to the call we had received from Richard Perle, on the staff of the Senate Government Operations Permanent Subcommittee on Investigations, indicating that Senator Henry Jackson would be asking us to sanitize the transcript of the Director's testimony before Jackson's Subcommittee on Arms Control of the Senate Armed Services Committee, on the subject of SALT. I also mentioned my conversation with Clark McFadden, General Counsel, Senate Armed Services Committee, on this subject. Fryklund said he had not heard anything from Perle regarding Secretary Schlesinger's testimony but he appreciated my giving him an alert.

5. [redacted] Talked with Clark McFadden, General Counsel, Senate Armed Services Committee, regarding the alert call I received from Richard Perle, on the staff of the Permanent Subcommittee on Investigations, Senate Government Operations Committee, informing us that Senator Henry Jackson (D., Wash.) would ask the Agency to sanitize the Director's testimony of 11 February 1975 before Jackson's Subcommittee of Senate Armed Services on the subject of SALT. McFadden indicated that Perle had requested and had obtained copies of this transcript (see Memo for Record).

McFadden said he and Ed Braswell, Chief Counsel of the Committee, would like to come out to Headquarters next week to see a film I had mentioned to him about one of Mr. Duckett's activities and also to get brought up to date on Soviet reconnaissance vessels. Further, McFadden is interested in being brought up to date on the status of our dealings with the Senate Select Committee and talking about future developments. I reminded McFadden that I would be out of the country for two weeks starting Monday, but [redacted] [redacted] would be glad to be in touch with him and arrange a suitable time

1. [REDACTED] Charles Snodgrass, House Appropriations Defense Subcommittee staff, called today to make certain it was the Agency's position that the Subcommittee report on our budget could state that all CIA funds are contained in the Department of Defense appropriation. I told him there was no problem in this regard, and that, in fact, this statement had been made elsewhere in the public domain.

Snodgrass went on to say that Representative Robert Giaimo has expressed an interest in meeting with our people in the field during the trip which a number of House members (including some members of the Defense Appropriations Subcommittee) will be making to the Far East during the recess. I told Snodgrass this would create a handling problem for our people in the field but I thought it would be useful if such contact could be arranged and I would see to it that a cable went out instructing our COS's to be responsive to requests from Giaimo for private briefings without giving other members of the delegation the impression that Giaimo is receiving special treatment. I have contacted [REDACTED] C/EA Division, regarding such a cable.

2. [REDACTED] Received a call from [REDACTED] Review Staff, regarding the response that should be made to the Senate Select Committee and possibly to Senator George McGovern of information prepared by the DDO on a book which Senator McGovern was given by Fidel Castro in Cuba and which was passed by McGovern to the Senate Select Committee. I suggested that [REDACTED] talk personally with Bill Miller, of the Select Committee staff, suggesting that the non-operational aspects of the DDO report might be passed on to McGovern by the Select Committee.
